ANALYSIS

This is the first request for an Extension of Time of a previously approved Site Development Plan Review (SDR-22253) for a 19-lot single-family residential development with access to Haley Avenue instead of Dorrell Lane on 5.35 acres adjacent to the northeast corner of Hualapai Way and Haley Avenue. Since the approval of the Site Development Plan Review (SDR-22253), the applicant has received approval for a Tentative Map (TMP-24461), but as of yet has not submitted a Final Map for review. There have not been any significant changes in land use or new development in the surrounding areas.

Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principal structure on site, unless otherwise specified in connection with its approval.

FINDINGS

The Site Development Plan Review (SDR-22253) has not met the requirements outlined in Title 19.18.050 to exercise the entitlement as no building permits have been issued for the principal structure. The applicant is requesting an extension of time to allow the housing market in Las Vegas time to recover. Staff is recommending approval of this request with an expiration date of January 19, 2011 to align with the previously approved Rezoning (ZON-4623). Conformance to the conditions of approval of the Site Development Plan Review (SDR-22253) shall be required.
